Through targeted support during each trimester, pregnancy education and specific related engagements, via telephone and digital channels, we aim to help you achieve this. With our new Maternity Programme, we hope to improve the health of moms-to-be and, as a result, reduce the number of complications.

To register for the programme, call 087 056 9888 and have your membership number on hand.

As an expectant mother, you can expect the following:

24/7 MATERNITY HEALTH ADVICE LINE

Should you have any health-related queries during your pregnancy, you can call the 24/7 Maternity Health Advice line on **087 056 9888**. This telephone service is nurse led and has been developed to provide our pregnant members with optimum advice. It is a purely medical advice line, no diagnosis or prescription will be given.

DEDICATED CLINICAL CARE ADVISORS

A maternity nurse/midwife will call you at certain key stages throughout your pregnancy. This is to support and advise you on how to look after your health while expecting. You will be reminded about supplements, diet and follow-up visits.

ONLINE ANTENATAL CLASSES

From the moment you register with the Bonitas Maternity Programme, you'll have access to online antenatal classes to prepare you for the birth, your stay in hospital and what to expect when you go home. These classes will be available twice monthly and you can access them by logging onto the Bonitas website with your membership number.

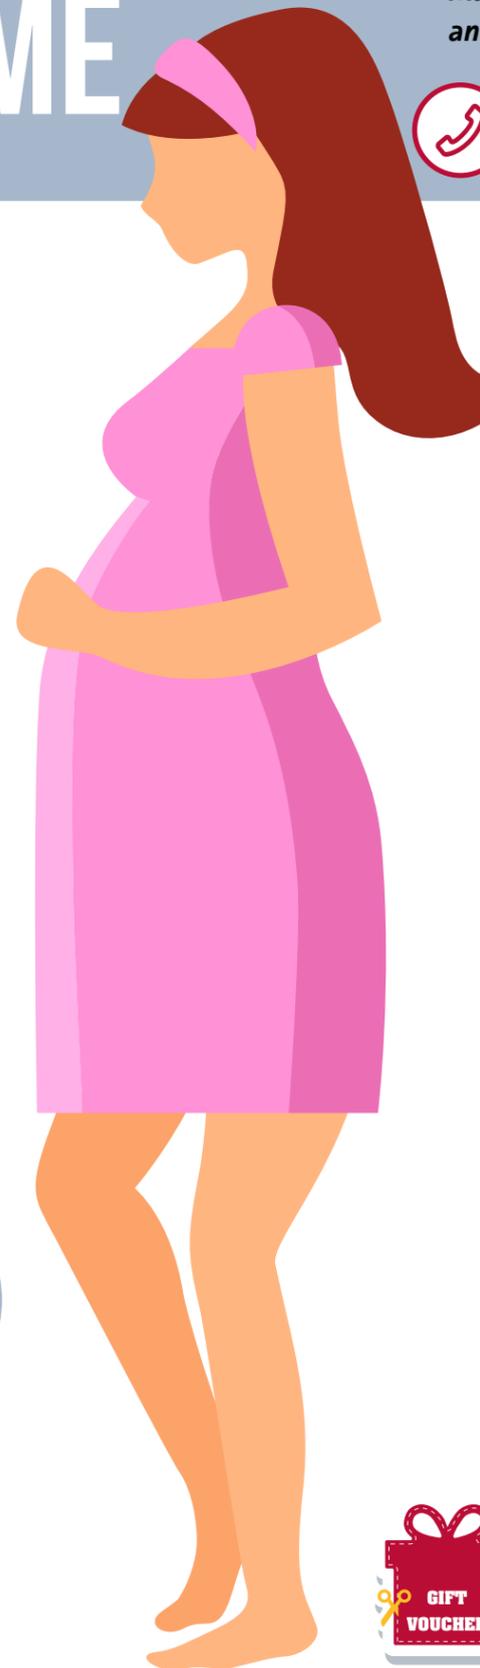

WEEKLY STAGE APPROPRIATE SMSs

During your pregnancy, you'll receive a weekly SMS appropriate to the specific stage in your pregnancy. This will help you track your baby's development and learn how and why your body is changing during the weeks of your pregnancy.

On the Bonitas website, you'll be able to find a series of articles regarding common health issues during pregnancy. You can read these articles at your own time and convenience.

PREGNANCY EDUCATION EMAILS
